

Economy 7 Price Comparison Table

See all available Economy 7 tariffs in Northern Ireland and see if you could save by switching supplier, tariff or billing method.

Our tables compare all Economy 7 tariffs available in Northern Ireland, and they are correct on the day of comparison. Tariffs will be updated on the date when the new increase or decrease comes into effect, not when announced.

If you want advice on tariff comparisons before the date the increase or decrease comes into effect, you can call us on Freephone 0800 121 6022 and a member of our team will be happy to help.

Click Energy tariff removal

Due to tensions in the middle east which has greatly increased wholesale gas prices (around 30% of electricity is generated from natural gas), Click Energy have taken the decision to remove all of their discounted tariffs:

- Bill Pay Economy 7 Saver
- Keypad Economy 7 Saver

Click Energy

Important information about PowerNI tariffs

The effective tariff reflects the actual price per unit of electricity after applying all eligible discounts, such as Direct Debit and Online Billing reductions. These discounts apply only up to £250 per quarter (£1,000 per year) - usage beyond this is charged at the standard rate.

This means the overall savings depend on both how much electricity you use and which payment method you choose.

For PAYG (Keypad) customers, a flat 2.5% discount applies to all top-ups, and they are not affected by the £250 per quarter threshold.

This information is based on current Power NI current unit pricing and is detailed in their terms and conditions.

If your usage exceeds the threshold, your final costs may be slightly different from initial estimates. Please bear this in mind with final calculations.

SSE Airtricity
